Introduction to Enterprise Computing

Getting Started on Mainframe with z/OS Commands and Panels

Basic System Programming on IBM Z

02/02/2020

**Muhammad Zunnurain Hussain**

has successfully completed the online, non-credit Professional Certificate

## IBM z/OS Mainframe Practitioner

In this Professional Certificate, learners developed and honed essential skills for the architecture, configuration, and administration of IBM Z Systems. They have gained and demonstrated skills in the areas of mainframe subsystems, hardware, software, and best practices.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
